## WHERE TO RAISE RACEHORSES

A horse is bred where it is foaled. This is the rule of the Jockey Club. It is also the rule of the British Jockey Club. As might be expected the rule in Ireland is quite the opposite, however. In that country a horse is held to be bred wherever its dam is permanently located. The difference in the rules is currently the cause of considerable anguish in the Emerald Isle since \*Majideh was sent to be bred to Tudor Minstrel in England where she dropped the foal she was then carrying, namely \*Gallant Man. According to our rule the 1957 winner of the Belmont and Jockey Club Gold Cup was thus bred in England, even though virtually all his life, from the time he was conceived until the time he was shipped to this country as a yearling, was spent in Ireland.

A century ago we had no such problem. Horses then moved from place to place only on their own four feet. It was seldom that a mare travelled more than 50 miles to be bred to a stallion—in fact many stallions travelled regular circuits to meet their mares. Now we think nothing of flying our best brood mares across the Atlantic. Many American breeders are members of foreign stallion syndicates, John Galbreath having recently acquired 10 services to the Italian champion Ribot for the next two seasons.

This mobility has inevitably fostered considerable rivalry between the principal horse breeding countries of the world, particularly England, Ireland and France, which are major exporters of bloodstock and compete for foreign markets. There is also keen intersectional rivalry. Kentucky is jealous of its pre-eminence as the Thoroughbred capital of the United States, while California, Florida, Maryland and Virginia have been jubilant over the successes of Swaps, Needles, Native Dancer, Phalanx and Hill Prince. This sectionalism is fostered by state racing laws providing for awards to breeders and for special races for horses bred in the state—Illinois recently set aside half a million a year in purses for its home-breds.

As a practical matter it is often difficult to determine just what country or section should be given credit for producing a top horse. Some owners keep their mares half the time in one place, half the time in another. Often the mares are kept in one section, while their weanlings are raised in another. The Aly Khan has stud farms in Ireland and France, Mrs. M. E.

## THE CHRONICLE

Lunn maintains establishments in Virginia and California, and there are many other such instances.

This sectionalism may have some practical value as far as sales, breeders awards and special purses are concerned, but in many instances, as for example races restricted to horses bred in a particular state, it can hinder the progress of the breed as a whole. As a matter of fact, if there is one thing we have learned as a result of modern horse transportation, it is that no one country or section has a monopoly on raising race horses. Normandy, Newmarket, The Curragh and the Blue Grass no longer have things all their own way. The science of stud management now enables us to supply horses with what they need in most quarters of the globe—both Nearco and Ribot were raised in the mountains of northern Italy.

There is, in short, nothing local about the Thoroughbred. On the contrary it has become the most international of all breeds of livestock.

### Our Error

(Editor's Note: We are sorry that the following letter was delayed in transit. We regret the error).

Dear Sir:

I would like to correct the article in your issue of March 7, on the Rappahannock Point-to-Point.

In the Rappahannock Bowl, 1st was Yellow Rose, ridden by Gordon Fishback and owned by W. G. Eastham, but was disqualified because of losing his weight pad. So Peter Do, owned by Oliver Durant II and ridden by Elzy Brown, who ran second was placed first. Katie, owned by J. W. Fletcher, and ridden by Ollie Dodson, ran 3rd, but was placed second.

Sincerely,  
"Ardent Reader"

## More on Hunter Breeding

Dear Sir:

In glancing through the January 31st., issue I became quite interested in the letter from Mrs. Gardner E. Stone and was glad to read of her experience with breeding halfbreds.

I note that she had good results breeding to a Percheron mare. Like her I became enamoured of the draft horse, but in my case it was the Belgian of which I saw so much on a bicycle trip with some college chums. I took up breeding them here at Beaufort Farms before breeding hunters.

## Round Table "Gallops Off" With Gulfstream Park Handicap

Raleigh Burroughs

Practically everyone associated with racing knows John Clark. If you don't know John C. Clark who used to be head of Hialeah and now is a member of The Jockey Club, you know John "Trader" Clark, the horse buyer and seller, or the racing official, John F. Clark, Jr., or Owner J. L. Clarke.

It is assumed that all these Clarks (and Clarkes) trace tail male to one founding father (probably Godolphin Clark) and thus are related. This assumption must be correct, for all of these Clarks have a common family characteristic - they are very interesting people.

Perhaps, John "the Baptist" Clark is not so well known as some of those mentioned, but he has his intriguing facets, and the breed has produced no finer nor more kindly gent.

John the Baptist is not an owner, track operator, race official nor trainer; nor is he a Baptist. He is an all-around office man and part-time mutuels clerk. His main pursuit is horses. When a race meet is about to begin, John the Baptist trots around sniffing the air like a good bird dog the day before quail season opens.

In his devotion to the Thoroughbred, or running horse, he has not abandoned spiritual things. During the Lenten period he has given up cigarettes six days a week. To keep Liggett & Myers solvent, he has worked out an agreement with Heaven that allows him to smoke two packs - filter-tips, of course - each Sabbath.

John the Baptist Clark is a rather advanced Turf investor; he turns a deaf ear to all tips except when they come from friends or total strangers. Through 35 years of analyses of past performances and hunches he has learned many lessons that have stuck with him.

And why shouldn't they? He paid for them, didn't he?

When situations, types or races or categories of horses that defy intelligent appraisal come up, a seasoned punter like John the Baptist will pull up sharp.

"I never put my money on that kind," he'll say, and then dart for the mutuels window. Do not be confused by this action.

When a seasoned player like John the Baptist Clark says, "I never put my money on that kind," the remark is not to be taken literally.

Translated, it means, "I never play ALL my money on that kind." A situation that defies intelligent appraisal calls for small wagers on two likely longshots and a saver on the favorite. This is not considered serious betting - merely a time-killer between scientific speculations.

One of the lessons John the Baptist Clark has learned in his many seasons of punting, parlaying and prayer has to do with inexperienced two-year-olds. The subject came up while several Turf analysts were studying the third race at Bowie on March 19. Only one member of the field had been tested on the course. The remaining nine were going for the first time.

"Never bet on fields including a number of first-time-starting two-year-olds," advised Mr. Clark. "I learned that lesson a long time ago at Havre de Grace."

"We had a tip on this horse that never had started, and we had it real good. Was from a big stable, one that was always trying to win and some of the guys in the barn liked to collect a bet. At least half the horses in the race were coming out for the first time and nobody knew anything - except us. We knew about this horse that was cut out to be a stakes-winner, and we were certain we had the softest kind of a touch."

"We threw in all the money we could dig up and the colt went off at a nice round ten to one. Then we sat back and waited to collect."

"We didn't. We got licked a half length by a first-time starter Calumet sent out. He was cut out to be a stakes winner, too. Name was Citation."

"That's why I say, 'Don't bet on fields of first-time starters.' Might be a Citation in it."

A little later, word got around that Mr. C. Bertazon's Vir-Marie won the third at Bowie, on March 19, and paid \$17.80 for \$2.

John the Baptist Clark took another look at the race in the Telegraph's past

performances.

"Could have been bet - on breeding," he observed. "Went for the favorite myself."

### Gulfstream Park

On March 22, Kerr Stable's Round Table galloped off with the mile-and-a-quarter Gulfstream Park Handicap, whipping what seemed to be a rather decent field while giving away from 14 to 22 pounds.

The equine exhibitionist made it interesting for onlookers by accomplishing his ten furlong tour in 1:59 4/5, equaling the track mark hung up by Coaltown in 1949.

Under Bill Shoemaker, Round Table raced in third place, back of Meeting and Oligarchy, for three-quarters of a mile, passed Oligarchy in the next quarter, caught Meeting approaching the stretch and then drew off to win.

Meeting held second place over Oligarchy, and the latter finished two lengths before Third Brother. Pardala and Juamario completed the first.

Under Gulfstream's share-the-wealth program, owners of all horses, except Juamario, were paid for sending out their representatives.

Mr. and Mrs. Travis M. Kerr and their daughter Nancy, who operate as Kerr Stable, collected the big slice - \$69,800.

This puts Round Table at \$937,964. He is now the third-richest horse in the world. Only Nashua and Citation stand before him.

He has won 6 races in 6 starts this year.

Willie Molter trains Round Table. The colt, now four years old, was bred by Claiborne Farm. He is a son of \*Princequillo, out of \*Knight's Daughter, by Sir Cosmo.

### The Fountain of Youth Stakes

The Fountain of Youth Stakes (March 19) is sort of a prep for the Florida Derby. This year's running was a \$9,725 workout for Calumet Farm's Tim Tam.

The colt that seems to be the stable's classics hope took the 1 1/16-mile test by two lengths, with Bill Hartack trying

not to look too good.

Despite Tim Tam's superiority, the race had plenty of exciting moments.

Li'l Fella and Plion contested for the first few furlongs, and Belleau Chief and Sir Robby made it interesting by staying in contention.

Tim Tam was allowed to drop back, and didn't begin to look like a 3-to-5 shot until about a minute and eleven seconds of the race had gone by. Then Hartack sent him through, and, as Li'l Fella obligingly went wide, there was a gaping hole that left the stretch wide open.

Grey Monarch, a 45-to-1 chance, came up for second place, beating Li'l Fella a head. Belleau Chief finished a length farther back in fourth place.

The time for the race was 1:42 4/5, a second and one-fifth slower than the mark hung up by Round Table six days earlier.

Tim Tam has a 1958 record of 5 wins and 2 thirds in 7 races, and earnings of \$138,775. He has won the Everglades and Flamingo (through the disqualification of Jewel's Reward) besides the Fountain of Youth.

The colt is Calumet-bred, by Tom Fool - Two Lea, by Bull Lea. Of course, he is a three-year-old.

Jimmy Jones trains him.

## Bowie

J. S. Kelly's Deack Duncan was the surprise winner of the seven-furlong Governor's Gold Cup, at Bowie, on March 22. Under L. Lefebvre, the three-year-old colt scored by 3 1/2 lengths, with the even-money choice, Washington, second. Pemberton was third and Sew It Up, fourth.

The race was run in 1:25 2/5, good time in view of the sloppy condition of the track.

Deack Duncan (High Bandit - Sunday Love, by Sky Raider) earned \$22,092.50.

The colt won his maiden victory one week before the Governor's Gold Cup. He has 2 wins and 2 seconds in 4 1958 starts and his earnings add up to \$25,442.50.

He is trained by his owner, a Washington automobile dealer whose hobby is horses.

The Gold Cup was the stable's first stakes win as well as the horse's.

Art J. Rooney bred Deack Duncan.

## Short Takes of Late Stakes

Vino Supremo equaled the 5 1/2-furlong track record of 1:04, at Golden Gate Fields in winning the Albany Handicap, on March 15.

Gigantic took the St. Patrick's Day Handicap at Golden Gate, March 17.

Admiral's Joy won the St. Patrick's Day Handicap at Lincoln Downs, also on March 17.

## THE CHRONICLE

The Newport Handicap, scheduled for March 22 at Lincoln Downs was not held on that date as there was too much winter for winter racing.

## PADDOCK POWERLINE

Although the snow which hit the Northeastern United States March 18th had melted, a power line passing through the paddock area of the Kentmere Farm, Boyce, Va., came down on the 21st electrocuting two yearling fillies. One of these was a chestnut belonging to Kentmere by Sun Again out of Fleckby \*Priam II, a mare whose first foal was a winner and whose second foal, a colt by Roman, was bought at last summer's Saratoga Sales by George D. Widener. The other filly belonging to Robert Cudahy of Miami, Fla., was a brown full sister in blood to Find, winner of over \$500,000, being by Discovery out of Star Shot by Bimelech. One of the fillies was insured; fortunately the line did not come down in the adjoining paddock where nine yearling colts were running.

## TWO-YEAR-OLD SIRES

Jet Jewel leads the list of sires of 1957 two-year-olds in totals of first monies won followed by \*Nashrullah, \*Royal Charger, Polynesian and Bolero. Their outstanding offspring on the track last season were respectively Jewel's Reward, Nadir, Idun, Poly Hi and Bolero U. The first five sires of the most winners were \*Khaled, Windfields, Chop Chop, Johns Joy and \*Nashrullah. The leaders as regards the most races won were Papa Redbird, Windfields, Bolero, Johns Joy and Olympia. \*Khaled stands in California, Windfields and Chop Chop in Canada. The remaining sires are located in Kentucky.

## BROODMARE SIRES

On the basis of first moneys won in North American in 1957 the first five leading sires of broodmares were: Bull Lea (1935) \$1,034,246; \*Blenheim II, (1927) \$1,017,900; \*Mahmoud (1933) \$1,010,996; \*Bull Dog (1927) \$897,718; and Blue Larkspur (1926) \$876,372. On the basis of the most winners the ranking was: \*Sir Gallahad III, 191; \*Bull Dog, 174; \*Blenheim II, 173; Blue Larkspur, 145; and Stimulus, 137. On the basis of the most wins the order was: \*Sir Gallahad III, 444; \*Bull Dog, 437; \*Blenheim II, 399; Blue Larkspur, 337; and Stimulus, 321.

## Martha Wadsworth

The many friends of Martha Wadsworth, wife of William P. Wadsworth, Master and Huntsman of the Genesee Valley Hunt, will be distressed to hear that she died suddenly at The Homestead, Genesee, N. Y. on March 20th. Martha invariably added to the fun and gaiety of every gathering of sportsmen from farmers dinners to the Masters Ball. She was beloved by everyone in the Valley and by a host of friends all over the country.

## Stoneybrook Hunt Race Meet

Chris Wood, Jr.

With many followers of the sport snowbound in the north, the American steeplechase season got off to a good start with the 11th annual race meeting sponsored by the Stoneybrook Hunt Racing Association at Southern Pines, N. C., on Saturday, March 22. Favored with sunny skies and moderate weather, the curtain-raiser attracted about 4500 to M. G. (Mickey) Walsh's Thoroughbred training center, where the annual meeting is held.

Carrying a purse of \$1,000, including a \$500 assist from the United Hunts Racing Association, the featured Sandhills Cup found 8 of the original 10 nominees going postward. Half of this group were last year's leading timber campaigners and the field comprised the best ever assembled there for a timber race since racing was returned to Southern Pines 11 years ago.

Despite the fact that the best in the business were in the line-up, a mare making her first start over the stiff obstacles pulled a surprise victory. Making her first start since she fractured a small bone in a foreleg at Camden, S. C., last year, when she fell in a brush race, Mrs. M. G. Walsh's Mummer's Knot scored a convincing triumph in the season's first timber race. Ably handled by 20-year-old Thomas Walsh, nephew of Mrs. Walsh and her trainer-husband, the 6-year-old mare defeated Alfred H. Smith's Grand Chal by a length. Last year's timber champion, Mrs. Henry Obre's \*Coup-de-Vite, finished 3rd, 2 lengths behind Grand Chal. Thomas A. Rankin's Mary March (formerly ran as Misbehave), finished 4th, with Burford Danner's Jamaica Boy completing the finishing field in 5th position.

Off to a good start from Harold (Brud) Plumb's tape, Jamaica Boy under Murt Hoey showed a bit in front of Harry S. Nichols' Rich Lark and Mary March over the 1st of a dozen timber fences. Well bunched in the early stages, Rich Lark became the first casualty as he went to his knees on landing over the 5th fence, sliding Grover Stephens onto the turf. At this juncture, Mrs. Amory H. Hutchinson's home-bred, Night Command, moved to the fore under Melvin Ferral's guidance. Running 3rd, Grand Chal moved on to take the place position from the tiring Jamaica Boy.

Picking up Night Command over the 10th, where the Fairview Farms' Beacon Star fell with Levi Keen, Grand Chal led over the 11th obstacle as Night Command came down with Melvin Ferral. Making a move with Mummer's Knot, Tommy Walsh reached Grand Chal as the pair sailed the 12th and final fence, landing slightly in front. Responding to the whip, the mare moved under the wire a length to the good, giving Walsh his first winner of the year. Running over firm turf, Mummer's Knot was timed by William H. Frantz, Sr. in 4:48, for the 2 1/4 miles.

The victory marked the mare's first start over timber and perhaps her last this season. In considering her fleet winning races over hurdles in New York two years ago, trainer Walsh decided to point her for brush racing on the major courses.

### The Yadkin Hurdle Race

The Yadkin, a 1 1/2 mile hurdle race for maidens opened the program and John A. Mayo's \*Baroda Boy became the new season's first winner over obstacles. Well

ridden by Joseph L. Aitcheson, Jr., the hurdler trained by Mrs. C. E. Adams permitted the early pace to alternate between West Wind Farms' Fair'n Square and Dolphin Rock Stable's Paint the Town. As the latter tired, \*Baroda Boy took command at the 5th hurdle and gradually improved his position. Leading over the 8th and final hurdle by 3 lengths, the eventual winner went on to score a 4 1/2 length margin over Paint the Town, with Tommy Walsh up. Placed well throughout, but tiring a bit at the conclusion, James F. McHugh's Robinhurst finished 3rd, with Fair'n Square 5 lengths in his wake. In graduating, \*Baroda Boy negotiated the 8 hurdles and 1 1/2 miles in 2:31 3/5.

### Flat Race

A bulky field of 16 went postward for the Silver Run, a 6-furlong optional claiming race. Although the Tower Hill Farm's \*Langton Breeze was favored to win with Tommy Walsh in the saddle, Nancy Sweet-Escott brought off a popular surprise by scoring with her \*Trouble Maker 2nd. Running 3rd behind \*Langton Breeze and Mrs. Vernon G. Cardy's \*Evian from the break, \*Trouble Maker 2nd moved boldly as the large field turned into the stretch and nudged \*Evian from the place spot. Heading for the wire, the eventual winner ranged alongside of \*Langton Breeze and gradually drew ahead to score by 3/4's of a length. \*Langton Breeze held the place safe, a length in front of Mrs. Q. A. Shaw McKean's \*Solar Clipper. \*Evain, though tiring, finished 4th.

Entered to be claimed for \$3,500, the import trained by his owner, covered the "about" 6-furlongs in 1:38 and carried jockey A. Flood to his first victory.

accepted the issue for the Stoneybrook, a 1 3/4 miles allowance hurdle test. Taking the lead at the break, Alvin Untermyer's \*Gallic Chief led the small field until approaching the 9th and final fence, where he was replaced by Mrs. M. G. Walsh's Secant. Although tiring badly, \*Gallic Chief was urged into the final fence by Joseph L. Aitcheson, Jr., and crashed heavily. This mishap permitted the Tremont Farms' entry of \*Follies Bergere and Mr. United to finish 2nd and 3rd as named.

A half-brother to the famous Nashua, Secant gave Tommy Walsh a double for the day and recorded the time of 3:23. Although all of the official timers had departed the stand, the course bugler proved adept with a stop watch and obliged.

Aitcheson's spill earned him a broken collarbone and sent his trainer-father off in search of a rider to pilot Grand Chal in the Carolina Cup at Camden, S. C. Earlier in the day, Levi Keen sustained the same injury when Beacon Star fell with him in the timber test.

### BOOKED TO RIBOT

After John W. Galbreath announced that he had purchased one-quarter of the 1959-60 services to Ribot he was approached by several breeders in this country wanting to breed to the great Italian champion. One of these services has been acquired by Paul Mellon of Rokeby Farm, Upperville, Va., who will be shipping a mare to Italy in 1959.

### FAIR EDWINE

Clark, Jr. of Middleburg. Not far away is the owner of his dam, Mrs. Arthur Godfrey of Leesburg, who purchased Fair Edwine, Fair Trial, when she was carry-

ing her now yearling filly by Tudor Minstrel. Mrs. Godfrey also owns a weanling full sister. The trio is in England and the mare has been bred to Dariuse this season.

### ST. PATRICK'S DAY ARRIVALS

Two closely related foals arrived at Mrs. A. C. Randolph's Oakley Farm, Upperville, Va., on March 17. War Tear a brown mare by Black Gang out of Teardrop, by \*Bel Aethel, had a filly by \*Finest Hour II (Fairhaven-Sarah Jennings II). Within three hours, in a stall not 20 feet away, War Tear's dam, Teardrop, dropped a striking colt foal by the same stallion. It will be interesting to see which mare, dam or daughter, produces the best get to the cover of \*Finest Hour II.

## CALIFORNIA

### STYMIE IN CALIFORNIA

In an interview by columnist Leon Rasmussen with Hirsch Jacobs, discussing the latter's breeding operations, Mr. Jacobs remarked: "I brought Stymie to California because good, tough horses are bred in the state. Some of the Stymies bred in Maryland and Kentucky didn't have the best feet in the world, so I thought I'd try him out here. Stymie's first California foals (now 2) have good feet. There is a thicker wall on the hoof. But only time will tell whether we made the right move. Right now it looks good."

#### BIGGEST DOUBLE OF 1957

The biggest pay-off for a ticket on the daily double in the United States in 1957 occurred at Oaklawn Park, Arkansas, when the combination of Pat Welch's Graylin and Emil Denmark's Prince Eric paid \$3,613.

#### PRE-RACE BLOOD TESTS

Disturbed by cases of stimulation which occurred on the opening day of the meeting at Golden Gate Fields, Dwight Murphy, chairman of the California Horse Racing Board, has notified Charles Leavitt, president of the California Division of the HBPA, and Fred Ryan, president of the Federation of California Racetracks, that something has got to be done. It is accordingly proposed to inaugurate at the next Hollywood Park meeting a system of testing horses in the receiving barn which would detect any stimulation before the race is actually run.

#### RACING OFFICIALS' SCHOOL

The series of articles published in "The Thoroughbred Record" last summer by William Robertson about The Jockey Club school for race track officials, organized and directed by Marshall Cassidy, executive secretary and steward, has been published in pamphlet form by The Jockey Club at 300 Park Avenue, New York City.

#### THOROUGHBRED CLUB

At the annual meeting of the Thoroughbred Club of America, held at Lexington, Ky., the well-known veterinarian Dr. Arthur H. Davidson was elected president, succeeding Clarkson Beard, who became a member of the Board of Directors. Duval A. Headley was elected vice-president and Gus Owens re-elected as secretary-treasurer. Other directors elected were George Swinebroad, Dr. Horace N. Davis, John A. Bell 3d, James Drymon, J. B. Faulconer, John T. Ward and Humphrey S. Finney.

#### AIKEN TRAINERS

Currently conditioning their charges at Aiken, South Carolina, are a group of trainers, many of which previously attained distinction in equestrian sports other than flat racing. William Post, who manages both the mile track and the 5-furlong Whitney track, was a former 8-goal polo player. G. H. (Pete) Bostwick, still one of America's best polo players, was former leading amateur steeplechase rider. Francis Bellhouse occupied the

same position in the professional ranks. J. Dallet Byers is also a former steeplechase jockey and Oleg T. Dubassoff is still connected with 'chasers as a trainer. James W. Maloney and the Greene brothers, Marvin and Stanley, were formerly active in horse show circles.

#### MAJOR TRACK STEEPLECHASING

Major track steeplechasing, for which many of the earlier spring hunt meets are a sound test, opens at Belmont Park, New York, May 12 and continues for four weeks until June 6. Nineteen major jumping stakes worth a total of \$182,500 have been scheduled for Belmont and Saratoga, which duplicates the 1956 'chasing program. Due to no 1957 spring jumping at Belmont because of alterations, comparison must be made with the preceding year.

Jumping races, following Belmont, open at Delaware Park, Wilmington, on June 9 and close on June 27. Monmouth Park, Oceanport, N. J. up-and-over racing follows, with Saratoga next and Belmont

Park's fall meeting climaxed by the annual two-day United Hunts meeting and its world record value Temple Gwathmey, October 21-22.

With both spring and fall hunt meets and major track steeplechasing showing marked evidence of continuing the comeback of jumpers, the total of \$662,190 distributed in purses at the big tracks and the \$107,368 disbursed at hunt meetings are expected to be exceeded this year.

#### STOLE THE RING

Reversing previous prophecies, Miss C. B. Armstrong has decided to enter in the 99th running of the Queen's Plate, Woodbine, Toronto, Canada on June 7th, the champion 2-year-old Canadian-bred of 1957, Stole the Ring, which she leases from W. F. Morrissey, Ltd. The Ontario Racing Commission has been endeavoring to get Miss Armstrong to change the name of this horse and of four others leased from the Morrissey Co.

#### RICH AND RARE

Rich and Rare (Rockefella - Palmy Days), champion 2-year-old filly in England for the year 1957 has been purchased by Louis E. Wolfson's Flamingo Farm Stable. She was assigned 130 pounds in the British Free Handicap, 5 pounds more than any other filly, and won the Windsor Castle Stakes at Ascot, the Cheveley Park, Houghton and May Stakes at Newmarket and the Minting Stakes at Kempton Park.

This 14K gold horseshoe bracelet will always be a welcome gift for the sports lady. Unusually good weight with the hinge so it will fit on the arm snugly and the chain as a safety catch.

Priced at \$300.00, tax included.

## Partial Summary Of Rule Changes

Below is a partial list of changes in the forthcoming 1958 AHSA Rule Book. This list has been prepared specifically for management of shows which will be held after publication of the Rule Book and includes principally that material which is needed in preparing prize lists for such shows. Be sure to check all references listed in the blue pages of the 1958 Rule Book when you receive it. In all cases the numerical references are in the following orders: Rule No., Part No., Section No.

I, 1, 3-Category of Licensed show discontinued. All shows now either Regular or Local Members.

III, I, 7-General rule governing fall of horse and/or rider extended to cover all divisions except Hunter, Jumper, Western and Equitation (which have their own rules).

III, I, 18-"Family" defined for all horse show purposes as husband, wife, parent, child, step-child, brother, sister, half brother and sister, in-laws of the same relationship as stated above and grandparents. In all cases the word "family" is to be used rather than a list of specific relations.

IV, I, 1-Last two sentences in text of AHSA Page to read: "... Membership entitles Exhibitors to participate in annual AHSA Division High Score Award Com-

petitions and all Members to attend the Annual Convention. The next Convention will be held in New York, N. Y., January 8-10, 1959."

IV, I, 1(k)-Catalogues of shows offering at least one "A" or "B" division must contain descriptions (color, sex, height, age) of all horses as well as exhibitors' mailing addresses.

IV, II, (b)-When class specifications conflict with AHSA rules, points will not count toward High Score Award competitions.

IV, III,-Procedure for changing prize list after publication carefully defined. In essence: if any change is made which might affect potential exhibitors, all of same must be accepted; if a change is made affecting the "A", "B" or "C" rating of a section, AHSA approval must first be obtained.

V, -, 2-If entry blank is not signed, first entrance into ring is ipso facto construed as acceptance of both show and AHSA rules.

VI, -, 8(a)-Management may adopt own policy covering refund of fees due to cancellation of entries after official closing date.

IX, -, 2-Riders and drivers under 18 years are amateurs for horse show purposes and should not be issued amateur cards.

## THE CHRONICLE

X, 1, 2(b)-Protest must be received by show secretary within 48 hours of protested occurrence.

XII, VII, 1-Children's classes (possibly called Junior Rider, Youth or Juvenile) may not be open to riders 18 years of age or over.

XII, IX-Model classes are part of performance, not breeding, section.

XII, XII, 2-In Hunter and Jumper divisions, championships must be awarded on points; in all other divisions they must be awarded in a championship performance class.

XIV, I, 15-All judges assigned to a Confirmation Hunter section must judge a show's model class.

XIV, II, 1-Thoroughbred is a horse registered in any stud book recognized by the Jockey Club.

XIV, II, 3-A Green Hunter is a horse of any age that is in his first or second year of showing in any classes at Recognized Shows requiring entries to jump. Horses in their first year shall be shown over fences at 3'6" and in their second year over fences at 3'9". Exceptions: horses which have jumped over an obstacle lower than 3' only to demonstrate obedience, i. e., dressage and trail horses. Exhibitors must specify first or second year horses on their entry blanks.

XIV, III, 2-Maiden, novice and limit classes do not count toward any hunter championship.

XIV, VII, 3-At any show offering an "a" or "B" Hunter or Jumper section, horses shown in Children's Hunter sections offering a championship may not compete in any other section unless ridden by Juniors. If a committee wishes to open a class to both horses and ponies, class specifications must state "Children's Hunters - Horses and Ponies."

XV, I, 3-FEI courses need not be printed in prize list or catalogue.

XV, II, 1-It is strongly recommended that at least one "combination" be included in every regular jumper course.

XV, II, 6-Each "A" show shall offer at least two classes judged under FEI rules. If only one FEI class is offered, as at a "B" or "C" show, class specifications for FEI Jumpers in Part V must be used. "A" shows may use these specifications for one of their classes, but the second class must be judged under different conditions. In no compulsory class judged under FEI rules shall weight requirements be waived. However, if additional FEI classes are offered weight requirements may be waived.

XV, IV-Championship required in sections of three or more classes, at least two of which count full points. Gambler's Sweepstake designated a 1/2 point class.

XV, V-New High Jump specifications. (Contact AHSA office if you wish to include this class before Rule Book arrives).

XVI, IX, 1-Road Hack class specifications amended. (Contact AHSA office if you wish to include this class before Rule Book arrives).

# FLORIDA HUNTER & JUMPER ASS'N.

Mr. E. C. Bywaters, of Waverly Farm, was elected president of the Florida Hunter and Jumper Association at a meeting held during the Dinner Key Horse Show. Retiring president, Audrey Hasler Chesney, was presented with a gold horse shoe pin in appreciation of her two years of fine leadership.

Other officers for 1958 are: Vice-

president, Dusty Crowder, Tampa; Secretary, Stefanie Zachar, Miami Beach; and Treasurer, Ronald Auswald, Coral Gables. The new board of directors includes Mrs. G. S. McIntosh, Mrs. Robert Haas, Col. W. M. Modisette, M. J. Hulsey Jr., and Mrs. John G. Chesney.

Sectional representatives are: Tampa, Virginia Robinson; Largo, K. Stageburg; Ocala, Joe O'Farrell; Gainesville, James

Seashole; Jacksonville, J. Paul; Palm Beach, Almer Tedder; and Miami, Harry Whittaker.

One of the Florida Hunter and Jumper Association's projects for the new year is to underwrite all Florida shows' class money which entry fees fail to pay for, in order to be able to guarantee the divisions to out of state exhibitors. J.A.

# 1957 CHAMPIONSHIP RECORD

Listed below are records compiled from reports of horse shows held in 1957 and published in The Chronicle. All of the shows offered hunter, jumper, hunter pony or hunter equitation classes, these being the divisions to which The Chronicle horse show coverage is limited. The list includes championships in conformation hunter divisions, both regular and green; in working hunter divisions, both regular and green; grand hunter; hunter pony; and hunter seat equitation. Both champions and reserve champions are given as well as the name of the show, the place, date, judges, horses, owners and (in equitation divisions) riders. Although some shows did not offer championships, we list them nevertheless with the thought that this information is also of interest.

We, the Professional Horsemen's Association of America, offer again the professional Horsemen's Trophy Class. We sincerely hope that Show Committee and Managers will include this class on their forthcoming shows. This class, offered this year for the fourteenth time in the Open Jumper Division, with cash prizes, proved to be one of the outstanding classes of the year, in 98 major shows. We offer this class to bring in more revenue to needy members of our profession, to whom everyone connected with horses and horse shows owes a great deal in loyalty, patience and good fellowship.

Kindly notify me as soon as possible if you wish to include this class in your Show, so that a check for the prize money may be forwarded to you in good time.

The conditions of this class follow:

Donated by Dr. Elise L'Esperance for amateur or professional riders over eight or more fences, first fence to be four feet high, with or without wings, performance only to count; that horses entered in the Cup Class must compete in two other open classes of the same show. Horses placing first, second, third and fourth will be scored ten, five, three and one point respectively except in an "A" Show, which shall carry double points. These points shall be counted toward the yearly Championship, and the horse winning the greatest number of points throughout the season, shall be judged P. H. A. Open Jumper Champion and receive the Challenge Trophy and ribbon. Reserve Champion to receive Trophy donated by Col. and Mrs. William Henderson and ribbon, both of which awards will be made at the 1958 National Horse Show.

To hold this Class, permission must be obtained from the Chairman and class must be listed in the prize list of the Show. Class can be held once during each Show.

vance, grandson of Fair Play, stood here at our farm for several years and I crossed him onto a sorrel Belgian. The result, I am sorry to say, was a small Belgian and not a hunter type. However my best results were from a half-bred light draft mare which Jo Reed, once of Front Royal, literally took out of a binder on the Eastern Shore. This mare Radiant Lady gave me 3 fillies by In Advance and 2 by My Broom who also stood here. A grandson of Broomstick he was well known in Virginia. All of these offspring were chestnuts and all had the same blaze face and kindly expression of Man o'War. ## Interstate Equitation Committee

### Recommendations to Show Managements

A. ORAL QUESTIONS AND THE INDIVIDUAL TESTS in the Rule Book serve a great purpose when you "intelligently" put them to good purpose.

When a class is hastily "ram-catted" both ways at the three gaits, then called into line-up and pinned "pronto", you MAY have served your own conscience,

When a class is hastily "ram-catted" both ways at the three gaits, then called into line-up and pinned "pronto", you MAY have served your own conscience, but you have NOT properly served or improved the youthful contestants you have allegedly judged, and you have NOT helped Equitation secure its rightful important place with the spectator-public.

By such too frequent procedure you fail to prove your interest in our youthful Riders and have only reminded them of "other teachers" who slam-bang through examinations just to get them over. Actually you have harmed the futures of these young people for you have not given them their "just dues". Take your time!

On the other hand, it is not necessary ANYTIME to adjudicate so slowly as to IMPAIR high public interest. This committee feels that all of you can hit a "happy medium" and do these classes much needed good with the spectators as well as the contestants.

B. USE THE RULE BOOK'S INDIVIDUAL TESTS and exhaust ALL OF THEM before improvising or inventing "different ones"! Our young Riders prepare, based on the Rules! Test them ACCORDING to the Rules! Work them through all possible approved Tests from the Book, on their own horses, BEFORE changing mounts. Such is only basic fairness! To do OTHERWISE is to be UNfair! Many of these Equitation Riders have trained (or are training) their own mounts and deserve to ride them through every POSSIBLE applicable Individual Test before you put them on another's horse. A competitive skier is not asked to contest on strange skis nor a contest marksman to use a stranger's gun.

CHANGE-OF-HORSES IS ONLY TO BREAK-A-TIE IN COMPETITION, or to be otherwise used as a Test, AFTER riders have had FULL individual opportunity to display personal ability on personal mounts!

FAIRNESS of Judging PROCEDURE in Equitation Classes, on the part of each Judge, is the key to Management's, the Public's and the Exhibitor's appraisal of your ability. Too many of you slap out "change horses" too soon and too often to just "get it ended", to beat someone or to "impress somebody" only the good Lord knows who).

C. THE RULE BOOK SAYS TO USE THE PUBLIC ADDRESS SYSTEM to request, announce, describe and explain Individual Tests! Why not request such ringside facility when you accept a Show assignment and use it? Very, very few of you comply with this Rule and when you violate it only confusion and unfair testing is the outcome and YOU are "marked" as a violator.

The usual Announcer CANNOT speak your request with clarity nor definition! He does not have sufficient knowledge of Equitation and certainly does not study the Rule Book Tests. Why not use the mike yourself?

And do you think it is good judging to stage Individual Tests with the class facing (watching) those undergoing such tests? Of course it isn't! It is unfair. Have the "untested" await each test with backs toward those being tested and tell them NOT TO LOOK! To do otherwise is allowing those not yet tested to watch those being tested and to have the opportunity to see ALL mistakes and improve on ALL these preceding examinations before turning in "their own test papers". In any other classroom (and the show ring is a classroom) such "looking" would be termed cheating; our youthful riders know it and only smile at your laxity and incompetence.

D. AS YOU CONTINUE TO ASK DIFFERENT RIDERS, DIFFERENT ORAL QUESTIONS, in DIRECT VIOLATION OF

## THE CHRONICLE

the Rules, your young contestants are again actually and really laughing at you for you are exhibiting a senseless practice that cannot possibly aid you in rating competency (the various riders' knowledge one against the other), and tells them you are unable to master any one of several simple ways to give the SAME oral examination to EACH rider in the Class, without the others "listening in", AND that you once again deliberately disregard, don't know, or fail to understand our Rules.

E. AFTER A CLASS WHERE YOU HAVE USED ORAL QUESTIONS, let the announcer state, or you state over the PA System, the three Questions you have asked, so that (1) EVERYONE gets them STRAIGHT and so that (2) you in this manner add to a better public understanding of Equitation.

F. BE MORE CAREFUL OF YOUR JUDGING PROCEDURE. Failure to position yourself on or at the rail at least once and long enough in every class to watch ALL riders coming and going, squarely toward and away from you, is causing you too often to pin Riders with spraddle-legs, winging feet, off-center seats, spread elbows, badly turned out toes, etc.

Another matter we respectfully call to your attention is that each child in the ring EXPECTS, is ENTITLED TO and DESERVES, direct, intense and detailed scrutiny and inspection; it should be your constant care to see that EACH contestant is aware that you have he or she under observation. Many of you actually fail to give a hard and close look at every Rider. The contestants know it. The crowd knows. TAKE YOUR TIME and LOOK!

G. IF YOU DO NOT LIKE TO JUDGE EQUITATION, even though your Card says you may, then for Heaven's Sake DECLINE AN INVITATION TO SO JUDGE and recommend that the Committee employ a separate Judge for such events. This will be appreciated by EVERYONE!

H. THE PRACTICE OF SPEAKING CONFIDENTIALLY TO CERTAIN CONTESTANTS IN THE RING, BEFORE your score card is sent in, should cease. Chat with all or none! Why let suspicion rear its ugly head by this thoughtless action? Helpful comment IS valuable, but time it carefully!

I. SOME OF YOU SHOULD BE MORE CAREFUL AND CONSIDERATE in talking with these juveniles, their parents and instructors. You condemn unbecoming parental attitudes and yet by your own gruffness, coldness ineptness of conversation and hasty dismissal of inquiries, approach rudeness yourselves. AND BE SURE WHEREOF YOU SPEAK when attempting to make answers on your adjudication, for if you err in your explanations the Contestants catch you up, tell of it, and most of them feel they "have your number".

## Judge's Plea

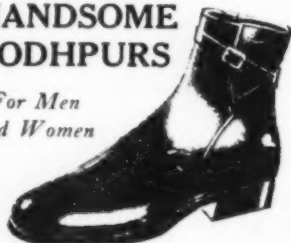

- (1) Invite your judges at an early date.
  - (2) State in your letter or invitation if you will reimburse them for traveling expenses.
  - (3) Specify when you expect them to arrive.
  - (4) Do not put your judges up at private homes of exhibitors, thereby embarrassing them.
  - (5) When you invite a judge, tell him if he is to judge alone, or with someone else. Some judges will only judge alone, others only with certain people.
  - (6) Send your judge a list of the classes he will judge and a time schedule.
  - (7) Write specifically regarding social events.
  - (8) Send your judges tickets of admittance, a box, and parking space, so they will not be embarrassed upon arrival in not being able to get past the gate keeper. Remember, he may wish to bring his wife or a guest.
  - (9) Appoint a committee to look after your judge's party from the moment they arrive and while they are at your show to see that they have transportation to and from the show and from social events.
  - (10) Stand back of your judges and the decisions irrespective of exhibitors' complaints. When you asked the man to judge, you asked him to give you his honest opinions - his may differ from yours but, if honestly given, are just what you asked for.
  - (11) Select your judges from those who have no monetary interest in the results.

### Part II

#### Jockeying for Position

And now everything seems to be in readiness. The crowd surges to either side of the track. I watch the big gangling dun limping toward the start, he seems to have lost some of his extreme lameness however. Old Vittorio Luke is muttering to himself, as if he is disgruntled at racing this lame horse, but he mutters loud enough for many bystanders to hear him. Vittorio is a superb actor.

Here comes the gray mare, but a very different animal to the one we drove in with. Her mane and tail are blowing so white in the warm breeze, her head is up and her ears are cocked, she is definitely on her toes. I am reminded of El Patron's remark on our way here. Candelario has a radiant smile of confidence. Well he might, for the mare has carried him to many wins.

Now they mount and the partidos begin. The big dun is evidently hard to manage, fighting for his head impatiently. But the gray canters out and is ready to go, a workmanlike package of horseflesh, as El Patron would express it. At the first partido Candelario slaps, but Vittorio, from behind, fails to accept the challenge. The mare stops in perfect coordination, wheels and quietly walks back. While Vittorio has trouble with the dun, he fights for his head and is excited. But as he walks back, most of the limp has left him. Knowing the artful Correntinos, I suspect that a splinter of wood has been taken from his frog, one of their tricks.

And again and again Candelario offers a challenge, with Vittorio continuing to refuse. And as time goes on, it is apparent that the big dun is settling down to the routine. Vittorio always staying behind the mare, to avoid any chance of his growing excited. And the mare is becoming a little less complacent. Will he never let me go? -she may be thinking.

And so it comes the time of day when the sun draws low toward the west. Perhaps the pattern is changing. The mare is becoming definitely confused, boring her head when signalled to stop, she is becoming angry. But the dun is settling down amazingly. The great sweat that had him changed in color to almost black, is now drying on him. Vittorio is now cracking jokes with the bystanders as he walks back from another partido. He tries to crack jokes with Candelario, who is in no mood for joking. Besides, El Patron told him to keep his eye on this old man, and he begins to think that indeed he must do so carefully.

But now it is apparent that both riders are keeping still keener watch, one on the other, as they turn after each partido. They are watching one another warily at

each start too, as the sun hides itself behind the giant eucalyptus and paraiso trees to the west. The crowd is growing tense with pent up excitement, they sense they will not have much longer to wait.

#### They're Off

Now --Ah Por Dios -- screams the crowd. From a full length behind the mare, Vittorio signals with his ravenki almost at the identical moment that Candelario gives his usual invitation. Momentarily the mare is bewildered, is this to be the race? The big dun tastes the blow for the first time and is angered, with a tremendous leap he gains, on the second he is alongside the mare. Her split second hesitation has been costly, but she is now flying with her head and neck stretched frantically.

With an ear splitting --Yehi-- the old man takes a half length lead. Surely he cannot keep this pace. The gallant mare is straining with her quarters tucked under her, she is rolling like a mighty engine, pulsing at every thrust. Now she reaches the dun's shoulder, his neck, but they are too near the finish, for her to do any more. Time has run out.

And the crowd is wild. These horses started their partidos when the sun was at high noon, now its final glow is slowly leaving in the west. Over five hours of strain. A race filled with masterly strategy from the first challenge of one owner to the other. Carried on with superb tactical maneuvering by the riders. And ended in a thrill by two Thoroughbreds putting all their great hearts into the mastery, one of the other.

Such is the school of Argentina, where endurance and willingness to abide by the hand of man, even under the utmost strain, are combined in the supreme test. Five final hours of it.

There is a word that has great sig-

nificance in Argentina, it is *sympatica* meaning, well, the meaning is too subtle for a complete interpretation. But, perhaps we can reach close to it with, a great understanding and fellowship. A race, a polo game is not just a well trained horse ridden by an expert man. The two are *compadres*, they are *sympatica*, one has great respect for the other.

Have I conveyed something to you? If so, Adios, or I hope it may be *Hasta luego* - which is to say in your parlance, Until we meet again.

### Letters to the Editor

Continued from Page 55

the year 1956.

The cross of My Broom on the In Advance mares proved very satisfactory. It gave us 2 fillies and one colt, a total of 7 fillies descended from Radiant Lady. One of these, Lady Ariana, was 2nd prize suitable to become hunter at Chester County on the Devon Grounds and also 1st prize Children's Hunter at the Pennsylvania National. I hunted Radiant Lady for several years and a great jumper she was. All of her offspring were of good conformation and quality.

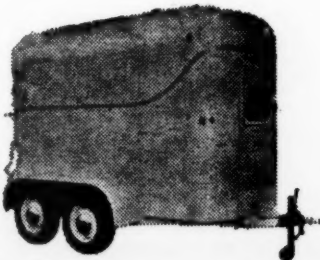

Hunting your own hounds as I did for nigh on to 20 years you need a horse that does not require much attention since you have a whip and horn to contend with and my experience has been that the half bred meets this requirement best. I feel that it is too bad that there are so few people engaged in breeding this type of hunter. I myself have fallen by the wayside (having only 2 of this breeding left) since I have gone over to the breeding of ponies.

Yours very truly,  
Ehrman B. Mitchell,  
Hon. M.F.H.

## MICHAEL PAGE WINS IN FRANCE

At the annual winter horse show at the French Cavalry School in Saumur on February 15th 19 year old Michael Page, of Briarcliff Manor, N. Y., winner of the AHSA Medal Hunting Seat Finals at the National Horse Show in 1956, won the "Epreuve des Chevaux Championat", a test for championship horses over an intricate course of 5 foot fences. Michael, who is taking a 9 months course in combined training, jumping and dressage at the French Cavalry School, was riding "Harpon", a young horse belonging to the Cavalry School and assigned to him for training. He was placed ahead of strong French competition. Second was Marechal-de-Logis Le Goff, the 1955 Three-Day-Event Champion of France. H. W.

## ITALIAN SHOW LEADERS

Captain Piero D'Inzeo was the leading rider in Italy during 1957 in jumping classes at public horse shows. Leading horse was The Rock, a gray gelding foaled in Ireland in 1948, by Water Serpent out of a mare by Sandyman, which belonged to Captain D'Inzeo.

#### BRITISH SHOW JUMPING ASSOCIATION

Figures for 1957, recently released by the British Show Jumping Association, show that over 1,000 shows are affiliated; that individual members number nearly 7,000; that horses and ponies registered with the Association total over 4,500; and that total prize money was 90,800 pounds.

#### ITALIANS BUY IRISH HORSE

Recently the D'Angelo brothers, who come from Italy to Ireland every year to buy high-class jumpers, purchased a six-year-old Thoroughbred horse (unnamed) by Roaring Forties out of San Marten, by Kinchinjunga, who has great bone and stands 16.3. It is an interesting comparison with American methods to note that this horse was only broken three months ago.

#### MODERN PENTATHLON

The Modern Pentathlon World Championships, staged in a different country annually, will be held this year at Aldershot, England from October 13-17. Competitors are required to ride a horse over fences, across country; fence with the saber; shoot with a pistol, swim 330 yards; and run 2 1/2 miles across country, the events taking place within five days.

#### BRITISH WORKING HUNTERS

Until a very few years ago, no horses in British hunter classes were ever asked to jump, being exhibited merely under saddle. After World War II, British shows began adopting the working hunter classes long popular in this country. A recent commentator in "Horse and Hounds" writes: "It is a matter of regret that at the minor shows hunter classes attract very few entries, and that their number compare unfavourably with those for 'hunters to jump' or working hunter classes."

## Chronicle Cover

An artist who paints portraits of people inevitably emphasises the head. An equestrian portrait painter, on the other hand, has greater latitude, being able to place the subject in such a way and in such a light as to emphasise the most outstanding characteristic of the horse - shoulder, quarters, front or what have you. Although Waiting Home is one of the great conformation horses of recent years, which means that he is good to look at in all departments, there is nevertheless no question but what his head is his most outstanding characteristic. He also has a splendid set of legs with well articulated tendons and joints. To emphasise these points Miss Bowman has chosen to light her picture from above, a light which brings out the head and legs although it creates special problems in portraying the body. Such a light would be inappropriate in painting, for instance, a race horse in hard training showing a great deal of muscle and bone structure in the flank and quarters. It is, however, quite suitable for a show horse in high condition. The charming landscape is conceived so as to frame the horse and to show his head against the sky. Mary the Mule, Waiting Home's constant companion on the Keswick Farm, Keswick, Virginia, looks round discreetly in the background.

In the course of the past two seasons Waiting Home has been Conformation Champion at Ox Ridge, Devon, Bath County (twice), Keswick, and the Pennsylvania National (twice), and was Reserve Champion at the National Horse Show at Madison Square Garden. He has also retired a remarkable number of challenge trophies including the Thoroughbred Trophy at Devon, the Lewis Waring, Amateur and Ladies Trophies at the Garden, and the Championship Trophies at Devon, Hot Springs and the Pennsylvania National.

#### HAPPY CHRISTMAS

The many friends of trainer Frank (Happy) Christmas, whose wife Anne Hagner Christmas has been a contributor to The Chronicle for many years, will be interested to know that, although he is still walking on crutches from an accident incurred at Santa Anita when a pony fell on him during training hours, he is able to get about sufficiently to act as a jockey's agent. He is currently taking over the engagements of jockey Harold (Red) Keene.

#### INDIO ENTRY

Rudy Smithers of Los Alamos, California brought a good string of jumpers to the Show in Indio, California February 14-21. Many remember likable and friendly Rudy for his activities in the United States Equestrian Team. He is still keenly interested. With the success he is displaying it wouldn't be surprising to see him back in there pitching for our side! N.L.
